

PECB Certified ISO 31000 Lead Risk Manager

Master the implementation of a Risk Management Process based on ISO 31000

Why should you attend?

ISO 31000 Lead Risk Manager training enables you to acquire the expertise to support and lead an organization and its team to successfully identify, understand and manage a risk process based on ISO 31000. During this training course, you will also gain comprehensive knowledge of the best practices used to implement a Risk Management framework that provides the foundation for designing, implementing, monitoring, reviewing and continually improving a Risk Management process in an organization.

After mastering all the necessary concepts of Risk Management, you can sit for the exam and apply for a “PECB Certified ISO 31000 Lead Risk Manager” credential. By holding a PECB Certificate, you will be able to demonstrate that you have the professional capabilities and competencies to effectively manage a risk process in an organization.
