McAfee Data Loss Prevention Endpoint Essentials Course

Education Services eLearning Course

™

The McAfee® Data Loss Prevention Endpoint (DLPE) Essentials course from Education Services provides attendees with hands-on training on the design, setup, configuration, and management of these appliances. In addition, students will understand how to effectively implement the appliances in a complex enterprise.

Course Goals

- Install DLPE.
- Configure and deploy policies using McAfee Agent.
- Perform basic troubleshooting of DLPE.

Agenda At A Glance—8 hours

- Module 1: Introduction
