

Understanding Data Lakes

Course Contents

Lesson 01: Data Lake: Overview

- Data Lake: Overview
- Need for Data lake
- Data Lake Best Practices
- Data Lake Lifecycle Management

Lesson 02: Introduction to Data Management

- Introduction to Data Management
- Solution Patterns: Data Lake
- Solution Patterns: Data Warehouse with Business Analytics
- Solution Patterns: Manage All Data with Data Warehouse & Data Lake

Lesson 03: Building a Data Lake: Object Storage

- Building a Data Lake: Object Storage
- Object Storage: Features
- Object Storage: Access Interfaces
- Building a Data Lake Using Object Storage
- Object Storage Security

Lesson 04: Data Lake: Use Cases

- Data Lake Use Cases
- OCI Use Cases
- Using Data Lake for Machine Learning

Lesson 05: Data Lake: Security

- Data Lake Security
- Improving the Data Lake Security
- Data Encryption
