

Python Security

Chapter 0 : Appendix Python Refresher

Chapter 1: Working with Python Strings

Chapter 2: Object Oriented Programming

Chapter 3: File I/O

Chapter 4: Databases

Chapter 5: Automated Testing

Chapter 6: Creating OS Binaries

Chapter 7: Decorators

Chapter 8: Python Collections

Chapter 9: Parallel Processing

Chapter 10: Documentation

Chapter 11: Socket Programming

Chapter 12: Packet Parsing

Chapter 13: Cross-platform Programming

Chapter 14: Python Cryptography

Chapter 15: Non-Python Language Integration

Chapter 16: Password Cracking

Chapter 17: Analyzing Metadata
