

## **R12.2.9 Oracle Quality Fundamentals**

### **Course Contents**

#### **1 : Oracle Quality Management Overview**

- Oracle Quality Management Overview
- Activity 1-1: Opening General Ledger Periods
- Activity 1-2: Opening Purchasing Periods
- Activity 1-3: Opening Inventory Accounting Periods

#### **2 : Oracle Quality Management Setting Up and Implementing**

- Oracle Quality Management Setting Up and Implementing
- Activity 2-1: Create Item
- Activity 2-2: Create Routing
- Activity 2-3: Create Discrete Job

#### **3 : Oracle Quality Management Collection Elements**

- Oracle Quality Management Collection Elements
- Activity 3-1: Collection Element Types
- Activity 3-2: Number Collection Element
- Activity 3-3: Character Collection Elements
- Activity 3-4: Sequence Collection Element
- Activity 3-5: Modify Reference Collection Element

#### **4 : Oracle Quality Management Specifications**

- Oracle Quality Management Specifications
- Activity 4-1: Create Item Specification

#### **5 : Oracle Quality Management Collection Plans**

- Oracle Quality Management Collection Plans
- Activity 5-1: Define a Collection Plan Type

#### **6 : Oracle Quality Management Manufacturing Quality**

- Oracle Quality Management Manufacturing Quality
- Activity 6-1: Create a Move Transaction Collection Plan
- Activity 6-3: Copy/Modify a WIP Completion Plans
- Activity 6-4: Process Manufacturing Nonconformance Plan (Optional)
- Activity 6-5: Referencing Collection Plans

#### **7 : Oracle Quality Management Managing Supplier**

- Oracle Quality Management Managing Supplier

- Activity 7-1: Purchasing Inspection Collection Plans
- Activity 7-2: Skip Lot Sampling
- Activity 7-3: Inspection Sampling Plans
- Activity 7-4: Receiving Collection Plan

#### 8 : Oracle Quality Management Data Collection

- Oracle Quality Management Data Collection
- Activity 8-1: Manual enter of quality results
- Activity 8-2: Work in Process: Move Transactions
- Activity 8-3: Completion Transaction
- Activity 8-4: Entering Data in the Manufacturing Execution System
- Activity 8-5: Entering Cost Data
- Activity 8-6: Inspection Sampling
- Activity 8-7: Receiving Collection Plan
- Activity 8-8: Using iSupplier Portal
- Activity 8-9: Collection Import
- Activity 8-10: OPM Nonconformance Quality Entry

#### 9 : Oracle Quality Management Quality Workbench

- Oracle Quality Management Quality Workbench
- Activity 9-1: Enter quality results on Quality Workbench

#### 10 : Oracle Quality Management Data Analysis and Reports

- Oracle Quality Management Data Analysis and Reports
- Activity 10-1: Viewing Quality Results
- Activity 10-2: Viewing Descriptive Statistics
- Activity 10-3: Creating a Pareto Chart
- Activity 10-4: Create a Data Set
- Activity 10-5: Histogram
- Activity 10-6: Trend Chart
- Activity 10-7: Control Charts
