

Oracle Enterprise Manager 13c: Oracle WebLogic Server Management Pack

1: Course Overview

2: Introduction to Enterprise Manager Cloud Control

- Introduction to Enterprise Manager Cloud Control
- Multiple Domains
- Major Functional Areas

3: Discovering Targets

- Discovering Targets
- Middleware Targets
- Configuring Automatic Discovery
- Discovering an Oracle HTTP Server
- JVMD Architecture
- Practice 3-1: Discovering WebLogic Domains Part 1
- Practice 3-1: Discovering WebLogic Domains Part 2
- Practice 3-1: Discovering WebLogic Domains Part 3
- Practice 3-1: Discovering WebLogic Domains Part 4
- Practice 3-1: Discovering WebLogic Domains Part 5
- Practice 3-2: Deploying JVMD Agents Part 1
- Practice 3-2: Deploying JVMD Agents Part 2

4: Monitoring

- Monitoring
- Domain Servers and Deployments
- Event Architecture
- Metric Thresholds
- Creating Rules
- Practice 4-1: Monitoring WebLogic Part 1
- Practice 4-1: Monitoring WebLogic Part 2
- Practice 4-1: Monitoring WebLogic Part 3
- Practice 4-1: Monitoring WebLogic Part 4
- Practice 4-2: Working with Events and Incidents Part 1
- Practice 4-2: Working with Events and Incidents Part 2

5: Monitoring Best Practices

- Monitoring Best Practices
- Groups
- Template Collections
- Practice 5-1: Working with Monitoring Templates Part 1
- Practice 5-1: Working with Monitoring Templates Part 2
- Practice 5-2: Working with Groups
- Practice 5-3: Working with Template Collections

6: Administration

- Administration
- Administration Prerequisites
- Practice 6-1: Controlling and Modifying Domains Part 1
- Practice 6-1: Controlling and Modifying Domains Part 2
- Practice 6-1: Controlling and Modifying Domains Part 3

7: Configuration Management

- Configuration Management
- Practice 7-1: Working with Configurations

8: Provisioning

- Provisioning
- Installing Fusion Middleware from a Gold Image
- Practice 8-1: Provisioning and Scaling WebLogic Domains (Optional) Part 1
- Practice 8-1: Provisioning and Scaling WebLogic Domains (Optional) Part 2

9: Application Deployment

- Application Deployment
- Practice 9-1: Deploying an Application

10: Diagnostics

- Diagnostics
- JVM Home Page
- Middleware Diagnostic Advisor (MDA)
- Practice 10-1: Diagnosing Performance Problems Part 1
- Practice 10-1: Diagnosing Performance Problems Part 2
- Practice 10-1: Diagnosing Performance Problems Part 3
- Practice 10-1: Diagnosing Performance Problems Part 4
- Practice 10-1: Diagnosing Performance Problems Part 5

11: Patching

- Patching

12: Compliance

- Compliance
- Practice 12-1: Working with Compliance Standards
