

PECB Certified Disaster Recovery Manager

Understand the implementation and management of Disaster Recovery Services

Why should you attend?

Disaster Recovery Manager training enables you to acquire the necessary knowledge to support an organization in implementing, maintaining and managing an ongoing Disaster Recovery Plan. During this training course, you will also gain a thorough understanding of best practices in Disaster Recovery.

After understanding all the necessary concepts of Disaster Recovery processes, you can sit for the exam and apply for a "PECB Certified Disaster Recovery Manager" credential. By holding a PECB Disaster Recovery Manager Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement and manage Disaster Recovery processes in an organization.

Who should attend?

- Disaster Recovery professionals seeking to gain a comprehensive knowledge of Disaster Recovery best practices
- Individuals responsible for the implementation and ongoing management of a Disaster Recovery plan in an organization
- Disaster Recovery team members
