

Compliance Management in NBFC

Duration: 16 Hours (2 Days)

Pre-requisites:

- **Educational Background:** A bachelor's degree in a related field such as finance, economics, business, law, or accounting is often recommended. Some courses may also be suitable for professionals with relevant work experience but without formal qualifications.
- **Basic Knowledge of Finance:** A fundamental understanding of financial concepts, including financial statements, accounting principles, and financial markets, is helpful.
- **Legal and Regulatory Awareness:** A basic understanding of financial regulations and legal frameworks is beneficial, but not always mandatory.
