

Power BI Modern Excel Analyst in a Day

Modern Excel Analyst in a Day is a one-day workshop for analysts. It demonstrates the advanced capabilities available in Excel, explores how Excel and Power BI are best used together, and shows how to successfully work with them in Microsoft Teams and SharePoint online.

At the end of the day, attendees will better understand:

- Analytics in Excel.
- Mapping analytics in Excel to Power BI—Compare Excel and Power BI desktop.
- Additional Power BI capabilities.
- How Power BI and Excel are better together.
- Using Power BI and Microsoft Teams.

Course Outline:
