437	Unit 8:	Design to Operate Processing
439		Lesson: SAP Design to Operate Process
441		Lesson: Identifying Organizational Levels which Support the Design to Operate Business Process
442		Lesson: Defining the Master Data in the Design to Operate Process
451		Exercise 38: Change a Material Master Record
457		Exercise 39: Change Bill of Materials
461		Exercise 40: Change a Work Center
465		Exercise 41: Change the Routing for a Finished Product
469		Lesson: Creating a Product Cost Estimate
475		Exercise 42: Create a Standard Cost Estimate
481		Exercise 43: Update Material Valuation
486		Lesson: Planning Product Demand - Integrated Planning
489		Exercise 44: Manage Planned Independent Requirements
496		Lesson: MRP Processing
507		Exercise 45: Display the Material Master Record
511		Exercise 46: Process an MRP Run
515		Exercise 47: Monitor Material Coverage
520		Lesson: Advanced Planning
531		Exercise 48: Explore PP/DS in SAP S/4HANA
541		Lesson: Describing the Manufacturing Business Process
545		Lesson: Creating and Releasing a Production Order
549		Exercise 49: Convert a Planned Order to a Production Order
557		Exercise 50: Release a Production Order
561		Lesson: Performing Material Withdrawal for a Production Order
563		Exercise 51: Perform Goods Issue for a Production Order
569		Lesson: Performing an Order Confirmation and a Materials Goods Receipt
573		Exercise 52: Confirm a Production Order
579		Exercise 53: Prepare and Post Goods Receipt from Production into Warehouse
588		Lesson: Performing Period End Closing Activities
599		Exercise 54: Calculate Variances in a Production Order
603		Exercise 55: Settle a Production Order
607		Exercise 56: Evaluate CO-PA

615	**Unit 9:**	**Lead to Cash Processing**
617		Lesson: Describing the Lead to Cash Business Process
623		Lesson: Identifying the Organizational Levels that Support the Lead to Cash Business Process
631		Lesson: Describing the Master Data Used in Sales and Distribution
633		Exercise 57: Check Material Master Record for Sales
637		Lesson: Creating a Customer Master Record
639		Exercise 58: Create a Customer Master Data Record
647		Lesson: Creating a Condition Record
649		Exercise 59: Create a Condition Record
653		Lesson: Processing a Sales Order
663		Exercise 60: Create a Quotation
667		Exercise 61: Create a Sales Order with Reference to a Quotation
671		Exercise 62: Check and Solve Sales Order Fulfillment Issues
677		Exercise 63: Review the Sales Order
683		Lesson: Processing a Delivery Document
695		Exercise 64: Create a Delivery Document, Perform Picking in EWM, and Post a Goods Issue
703		Lesson: Processing a Customer Invoice
709		Exercise 65: Create a Customer Invoice
715		Exercise 66: Run a CO-PA Report
719		Lesson: Exploring Transportation Management
737	**Unit 10:**	**SAP Project Systems (PS)**
739		Lesson: Describing the Process Steps in a Project System
742		Lesson: Creating a Project Structure
751		Exercise 67: Create a Project Structure
756		Lesson: Planning a Project
761		Exercise 68: Plan Resources in a Project
771		Exercise 69: Plan Dates in a Project (Optional)
779		Exercise 70: Plan Costs in a Project (Optional)
786		Lesson: Budgeting in a Project
789		Exercise 71: Create the Budget for a Project
794		Lesson: Executing a Project
797		Exercise 72: Release a Project
809		Lesson: Processing Period-End Closing Activities
