

CWNT certified instructors are qualified to deliver CWNP training courses through Authorized Learning Centers. These technical and instructional experts possess the training to teach today's enterprise Wi-Fi technologies and solutions to certification candidates in hands-on classroom environments. To ensure a superior learning experience for our customers, CWNP Learning Centers are required to contract with and/or engage CWNT certified instructors when offering authorized CWNP training classes.

Requirements to earn a CWNT Certification:

- Attend an authorized CWNA class taught by a CWNT certified instructor and pass the CWNA exam with an 80% or higher. There are no exceptions to this requirement.
- Pass the appropriate level exam with a minimum score of at least 80% or higher
- Have a minimum of 12 months of documented IT industry training experience
- Have a current technology training certification/degree, such as:

Microsoft MCT

CompTIA CTT+

Novell CNI

Cisco CCNI or CCSI

JEB Level 3 Certificate

Current certification as an instructor by any branch of the Armed Forces

College or University Professor
