Course announcements

This course will guide you through the usage of the reporting solution and the configurations necessary to enable the SAP SuccessFactors People Analytics reporting tools. The course provides an overview of Self Service Analytics Tools and Custom Reporting Solutions. It covers SAP SuccessFactors People Analytics: Report Center, Story Reports, Table Reports, Canvas Reports, and Tile-Based Dashboard Framework. The course also provides an overview of how to enable various SAP SuccessFactors Reporting and Analytics tools within Provisioning. This course is intended for functional consultants who are enabling and configuring SAP SuccessFactors People Analytics tools or supporting customers in report creation and management.
