

Mastering Text, Video, and Survey Analysis with NVivo

Duration: 24 hours (3 days)

License Note

*This training includes guidance on using NVivo software. NVivo offers a **free trial license** for a limited time, which you can access here: <https://lumivero.com/resources/free-trial/nvivo/>*

Course Outcomes:

By the end of this training, participants will be able to:

1. Import and organize text, video, and survey data for qualitative analysis.
 2. Use coding and queries to identify patterns, themes, and insights.
 3. Create visualizations like word clouds and models to present findings effectively.
 4. Generate reports and export data for collaborative and presentation purposes.
-

Table of Contents

1. **Introduction to NVivo**
 - What is NVivo?
 - Applications for Analyzing Text, Video, and Survey Data
 2. **Getting Started with NVivo**
 - Installing NVivo
 - Overview of Interface and Key Features
 3. **Importing and Organizing Data**
 - Handling Text, Video, and Survey Files
 - Creating and Managing Nodes
 4. **Coding and Querying Data**
 - Manual and Automatic Coding
 - Performing Queries for Insights
 5. **Visualizing Data**
 - Charts, Word Clouds, and Models
 - Creating Framework Matrices
 6. **Reporting and Sharing Results**
 - Generating Reports
 - Exporting Data for Collaboration
 7. **Hands-On Exercise**
 - Practical Analysis of Sample Text, Video, and Survey Data
 8. **Best Practices and Tips**
 - Organizing Projects for Long-Term Use
 - Efficient Data Management Strategies
-
