

## Table of Contents

In order to optimize the learning experience, PECB recommends scheduling two short breaks (15 minutes), and a lunch break (one hour) per training day. Time of the breaks can be adjusted accordingly.

### **Day 1** Introduction to the information security management system (ISMS) and ISO/IEC 27001

---

#### **Section 1: Training course objectives and structure .....7**

- Introduction
- About PECB
- General information
- Learning objectives
- Educational approach
- Examination and certification

#### **Section 2: Standards and regulatory frameworks .....19**

- What is ISO?
- The ISO/IEC 27000 family of standards
- Advantages of ISO/IEC 27001

#### **Section 3: Certification process .....34**

- Certification process
- Certification scheme
- Accreditation bodies
- Certification bodies

#### **Section 4: Fundamental concepts and principles of information security .....43**

- Information and asset
- Information security
- Confidentiality, integrity, and availability
- Vulnerability, threat, and impact
- Information security risk
- Security controls and control objectives
- Classification of security controls

#### **Section 5: Information security management system (ISMS) .....74**

- Definition of a management system
- Definition of ISMS
- Process approach
- ISMS implementation
- Overview — Clauses 4 to 10
- Overview — Annex A
- Statement of Applicability

## **Day 2** Audit principles, preparation, and initiation of an audit

---

### **Section 6: Fundamental audit concepts and principles .....4**

- Audit standards
- What is an audit?
- Types of audits
- Involved parties
- Audit objectives and criteria
- Combined audit
- Principles of auditing
- Competence and evaluation of auditors

### **Section 7: The impact of trends and technology in auditing .....56**

- Big data
- The three V's of big data
- The use of big data in audits
- Artificial intelligence
- Machine learning
- Cloud computing
- Auditing outsourced operations

### **Section 8: Evidence-based auditing .....73**

- Audit evidence
- Types of audit evidence
- Quality and reliability of audit evidence

### **Section 9: Risk-based auditing .....89**

- Audit approach based on risk

- Materiality and audit planning
- Reasonable assurance

**Section 10: Initiation of the audit process.....101**

- The audit offer
- The audit team leader
- The audit team
- Audit feasibility
- Audit acceptance
- Establishing contact with the auditee
- The audit schedule

**Section 11: Stage 1 audit.....128**

- Objectives of the stage 1 audit
- Pre on-site activities
- Preparing for on-site activities
- Conducting on-site activities
- Documenting the outputs of stage 1 audit

**Day 3 On-site audit activities**

---

**Section 12: Preparing for stage 2 audit.....4**

- Setting the audit objectives
- Planning the audit
- Assigning work to the audit team
- Preparing audit test plans
- Preparing documented information for the audit

**Section 13: Stage 2 audit.....19**

- Conducting the opening meeting
- Collecting information
- Conducting audit tests
- Determining audit findings and nonconformity reports
- Performing a quality review

**Section 14: Communication during the audit .....30**

- Behavior during on-site visits
- Communication during the audit

- Audit team meetings
- Guides and observers
- Conflict management
- Cultural aspects
- Communication with the top management

**Section 15: Audit procedures .....49**

- Overview of the audit process
- Evidence collection and analysis procedures
- Interview
- Documented information review
- Observation
- Analysis
- Sampling
- Technical verification
- Corroboration
- Evaluation
- Auditing virtual activities and locations

**Section 16: Creating audit test plans.....97**

- Audit test plans
- Examples of audit test plans
- Guidance for auditing an ISMS

**Day 4 Closing of the audit**

---

**Section 17: Drafting audit findings and nonconformity reports .....4**

- Audit findings
- Types of possible audit findings
- Documenting the audit findings
- Drafting a nonconformity report
- The principle of the benefit of the doubt

**Section 18: Audit documentation and quality review.....23**

- Work documents
- Quality review

<b>Section 19: Closing of the audit .....</b>	<b>35</b>
<ul style="list-style-type: none"> <li>• Determining audit conclusions</li> <li>• Discussing audit conclusions</li> <li>• Closing meeting</li> <li>• Preparing audit report</li> <li>• Distributing the audit report</li> <li>• Making the certification decision</li> <li>• Closing the audit</li> </ul>	
<b>Section 20: Evaluation of action plans by the auditor .....</b>	<b>58</b>
<ul style="list-style-type: none"> <li>• Submission of action plans by the auditee</li> <li>• Content of action plans</li> <li>• Evaluation of action plans</li> </ul>	
<b>Section 21: Beyond the initial audit.....</b>	<b>65</b>
<ul style="list-style-type: none"> <li>• Audit follow-up activities</li> <li>• Surveillance activities</li> <li>• Recertification audit</li> <li>• Use of trademarks</li> </ul>	
<b>Section 22: Managing an internal audit program.....</b>	<b>83</b>
<ul style="list-style-type: none"> <li>• Managing an audit program</li> <li>• Role of the internal audit function</li> <li>• Main internal audit services and activities</li> <li>• Audit program resources</li> <li>• Audit program records</li> <li>• Follow up on nonconformities</li> <li>• Monitoring, evaluating, reviewing, and improving an audit program</li> </ul>	
<b>Section 23: Closing of the training course .....</b>	<b>103</b>
<ul style="list-style-type: none"> <li>• PECB certification scheme</li> <li>• PECB certification process</li> <li>• Other PECB services</li> <li>• Other PECB training courses and certifications</li> </ul>
