

Power BI Dashboard in a Day (DIAD)

DIAD is a one-day, hands-on workshop for business analysts, covering the breadth of Power BI capabilities.

At the end of the day, attendees will better understand how to:

- Connect and transform data from a variety of data sources.
- Define business rules and KPIs.
- Explore data with powerful interactive visuals.
- Build stunning reports.
- Share their dashboards with their team business partners and publish them to the web.
