

Introduction to Prompt Engineering

Duration: 2 hours

In this course, you will learn to create and optimize prompts for a variety of generative artificial intelligence (generative AI) models. You will learn the principles, techniques, and best practices for designing effective prompts.

- **Module 1: Foundation models and large language models**
- **Module 2: Key concepts of prompt engineering**
- **Module 3: Basic prompt techniques**
 - **Zero-shot prompting**
 - **Few-shot prompting**
 - **Chain-of-thought prompting**
