21st century learning design

Transform learning with 21st century learning design

Introduction

Introduction to the 21st century learning design learning path

Examine 21st century learning environments

Explore the research behind 21st century learning design

Understand the 21CLD rubrics

Knowledge check

Summary

Develop critical thinking skills with the 21CLD knowledge construction dimension

Introduction

Introduction to knowledge construction

Design learning experiences with the knowledge construction rubric

Support knowledge construction with Microsoft tools

Knowledge construction in action

Knowledge check

Summary

Practice collaborative skills with the 21CLD collaboration dimension

Introduction

Introduction to collaboration

Design learning experiences with the collaboration rubric

Promote collaboration with Microsoft tools

Collaboration in action

Knowledge check

Summary

Innovate learning with the 21CLD real-world problem solving and innovation dimension

Introduction

Introduction to real-world problem solving and innovation

Design learning experiences with the real-world problem solving and innovation rubric

Support real-world problem solving and innovation with Microsoft tools

Real-world problem solving and innovation in action

Knowledge check

Summary

Improve communication skills with the 21CLD skilled communication dimension

Introduction

Introduction to skilled communication

Design learning experiences with the skilled communication rubric

Encourage skilled communication with Microsoft tools

Skilled communication in action

Knowledge check

Summary

Develop learner executive function with the 21CLD self-regulation dimension

Introduction

Introduction to self-regulation

Design learning experiences with the self-regulation rubric

Support self-regulation with Microsoft tools

Self-regulation in action

Knowledge check

Summary

Deepen educational experiences with the 21CLD ICT for learning dimension

Introduction

Introduction to ICT for learning

Design learning experience with the ICT for learning rubric

Integrate ICT for learning with Microsoft tools

ICT for learning in action

Knowledge check

Summary

Embed 21st century skills with 21st century learning design
