55247AC: Designing and Implementing Cloud Data Platform Solutions

Duration : 3 days(24 hrs)

Module 1: Designing and Implementing Database Solutions for SQL Server and Microsoft Azure

• Design and Implement Hybrid SQL Server solutions

• Design and Implement Azure SQL Database solutions

• Design and Implement MySQL and PostgreSQL database solutions in Azure

Module 2: Manage, Design and Implement Database Security

• Design and Implement SQL Server database security

• Design and Implement Azure SQL Database security

Module 3: Design for High-Availability, Disaster Recovery and Scalability

• Design and Implement High-Availability Solutions

• Design and Implement Disaster Recovery Solutions

• Design and Implement Scalability Solutions

Module 4: Monitor and Troubleshoot Database Implementations in Azure

• Monitor and Troubleshoot SQL Server VMs on Azure

• Monitor and Troubleshoot Azure SQL Databases
