

## **Quantum Computing Essentials for Senior Leaders (LFQ102)**

Today, quantum computing evokes amazement, wonder, fear, and excitement, all at the same time. However, there is a need to cut through all the clutter and grasp the facts. Learn how this technology will impact your business and take the necessary steps to prepare for it.

**Duration:** 4 Hours

### **Prerequisites for this course**

- We recommend taking the “Fundamentals of Quantum Computing (LFQ101)” before this course.

### **Outline for this course**

Chapter 1 – Course Introduction

Chapter 2 – Introduction to Quantum Computing

Chapter 3 – An Example of Quantum Computing Application: Finance

Chapter 4 – Value Chain and the Global Landscape of Quantum Computing
