

Jira Administration Part 1 Cloud Live Team Training

Duration: 4 hrs

Course Objective: Through **real-world business scenarios**, your team will learn tips and best practices to ensure their success as Jira administrators. Including how to configure Jira, apply global permissions, create new projects, update workflows, and control access to your products. After completing this course, they'll be able to continue their Jira administration education with [Jira Administration Part 2](#).

Pre-requisite: Before taking this course, we suggest your team takes [Jira Essentials with Agile Mindset](#), or has equivalent Jira experience.

Lab Details: Free Trail of JIRA Cloud
