

PRINCE2® 7 Foundation

Duration: 24 Hours (3 Days)

Overview

The PRINCE2 Foundation certification is a globally recognized qualification in project management methodology, based on the PRINCE2 (Projects IN Controlled Environments) principles. It provides a foundational understanding of the framework, focusing on the seven principles, themes, and processes that guide the Planning, execution, and delivery of projects regardless of scale and type. Industries use PRINCE2 to ensure a common language and approach to project management, which promotes alignment, efficiency, and best practices. The certification is sought by professionals and organizations aiming to enhance project success through a structured and proven method.

Audience Profile

- Project managers seeking a structured project management method
- Team leads or supervisors involved in project work
- Individuals pursuing a career in project management
- Professionals aiming to improve their project management skills
- Organizations adopting PRINCE2 as a standard project approach
