Revision History	3
Table of Contents	4
Acknowledgements	7
0 Introduction	8
0.1 Purpose of this Syllabus	8
0.2 Test Automation Strategy in Software Testing	8
0.3 Career Path for Testers and Test Automation Engineers	8
0.4 Business Outcomes	10
1 Introduction and Objectives for Test Automation Strategy – 45 minutes (K2)	15
1.1 Success Factors of a Test Automation Project	16
1.1.1 Define Goals & Objectives for a Test Automation Strategy	16
1.1.2 Identify Technical Success Factors of a Test Automation Project	16
1.1.3 Summarize Appropriate Investment Criteria in Selecting Candidate Projects for Test Automation	17
2 Test Automation Resources – 60 minutes (K2)	18
2.1 Costs and Risks of Implementing a Test Automation Solution	19
2.1.1 Compare Alternative Technical Solutions with Regard to Cost of Ownership	19
2.1.2 Explain Licensing Model Considerations for Test Automation Tools	19
2.1.3 Provide Examples of Factors to be Considered When Defining a Test Automation Strategy ..	20
2.2 Roles and Responsibilities within Test Automation	21
2.2.1 Summarize the Roles and Skills Necessary for a Successful Test Automation Solution	21
3 Preparing for Test Automation – 225 minutes (K3)	22
3.1 Integration Across Test Levels	23
3.1.1 Differentiate Between Test Automation Distributions	23
3.1.2 Select a Test Automation Approach Based on the System Under Test Architecture	24
3.1.3 Demonstrate Ways to Optimize Test Automation Distribution to Achieve Shift Left and Shift Right Approaches	24
3.2 Strategic Considerations in Different Software Development Lifecycle Models	25

3.2.1	Explain How Test Automation Projects Conform with Legacy Software Development Lifecycle Models	25
3.2.2	Explain How Test Automation Projects Conform with Agile Software Development Best Practices that Support Test Automation.....	26
3.2.3	Prepare for Test Automation Projects to Conform with DevOps Best Practices to Achieve Continuous Testing.....	26
3.3	Applicability and Viability of Test Automation	26
3.3.1	Explain Criteria for Determining the Suitability of Tests for Test Automation	26
3.3.2	Identify Challenges that Only Test Automation Can Address	27
3.3.3	Identify Test Conditions that are Difficult to Automate	28
4	Organizational Deployment and Release Strategies for Test Automation – 135 minutes (K2)	29
4.1	Test Automation Solution Planning	30
4.1.1	Identify ways how test automation supports shorter time to market	30
4.1.2	Identify Ways in Which Test Automation Helps Verify Reported Defects	30
4.1.3	Define Approaches that Allow for the Development of Operationally Relevant Scenarios for Test Automation	31
4.2	Test Automation Deployment Strategies	32
4.2.1	Define a Test Automation Deployment Strategy	32
4.2.2	Identify Test Automation Risks in Deployment.....	33
4.2.3	Define Approaches To Mitigate Deployment Risks.....	34
4.3	Dependencies within the Test Environment	34
4.3.1	Define test automation components in the test environment	34
4.3.2	Identify Infrastructure Components and Dependencies of Test Automation	35
4.3.3	Define Test Automation Data and Interface Requirements	36
5	Test Automation Impact Analysis – 150 minutes (K3)	37
5.1	Investment in Setting Up and Maintaining Test Automation.....	38
5.1.1	Show Return On Investment of Building a Test Automation Solution.....	38
5.2	Test Automation Metrics	39
5.2.1	Classify Metrics for Test Automation	39
5.3	The Value of Test Automation on the Project and Organization Level	40
5.3.1	Identify Organizational Considerations for Use of Test Automation	40
5.3.2	Analyze Project Characteristics that Help Determine Optimal Implementation of Test Automation Test Objectives	41
5.4	Decisions Made from Test Automation Reports	43

5.4.1 Analyze Test Report Data to Inform Decision Making	43
6 Implementation and Improvement Strategies for Testing Automation – 150 minutes (K3)	44
6.1 Transitioning Activities from Manual Testing to Continuous Testing	45
6.1.1 Describe the Factors and Planning Activities in Transitioning from Manual Testing to Test Automation	45
6.1.2 Describe the Factors and Planning Activities in Transitioning from Test Automation to Continuous Testing.....	46
6.2 Test Automation Strategy Across the Organization	47
6.2.1 Conduct an Evaluation of the Test Automation Assets and Practices to Identify Improvement Areas	47
7 References	49
8 Appendix A – Learning Objectives/Cognitive Level of Knowledge	52
10 Appendix C – Release Notes	58
11 Appendix D – Domain-Specific Terms	59
12 Index	60
