

AI+ Legal™

Duration: 8 hrs

Course Overview

The AI+ Legal Certification is designed for legal professionals seeking to integrate artificial intelligence into their practice. Covering the intersection of law and AI technology, the curriculum explores ethical considerations, data privacy, and the impact of AI on legal precedents and contracts. Participants will learn how AI tools can enhance legal research, document review, and case prediction, offering a competitive edge in the legal field. Through hands-on projects and case studies, attendees will gain practical experience with AI applications relevant to legal work. The certification culminates in a comprehensive understanding of how AI can be ethically and effectively employed in various legal contexts.

Course Prerequisites

- A foundational understanding of legal principles, no professional degree required
- Curiosity and openness to learning about new legal concepts
- Interest in how AI impacts society and daily life, and openness to change
- Willingness to understand AI ethical frameworks and guidelines
- Basic grasp of ethical principles and moral reasoning.

Course Agenda

Module 1: Introduction to Artificial Intelligence (AI) and Its Implications for Law

- AI Basics
- AI in the Legal Industry
- Understanding AI Technologies

Module 2: Machine Learning Fundamentals for Lawyers

- Foundations of Machine Learning
- Machine Learning in Legal Contexts
- Practical Machine Learning Tools

Module 3: Natural Language Processing in Legal Research

- Basics of NLP
- NLP Applications in Law
- Advanced NLP Techniques

Module 4: AI in Contract Review and Management

- Contract Analysis with AI
- AI Tools for Contract Management
- Practical Contract Management Scenarios

Module 5: Predictive Analytics in Legal Decision-Making

- Introduction to Predictive Analytics
- Predictive Analytics in the Legal Field
- Implementing Predictive Analytics

Module 6: Ethical and Privacy Considerations of AI in Law

- AI Ethics in Legal Practice
- Privacy Concerns with AI
- Regulatory Landscape for AI

Module 7: Legal and Regulatory Framework for AI

- Current Legal Frameworks for AI
- Drafting AI Regulations
- AI and Legal Practice

Module 8: Implementing AI in Legal Practices

- AI Integration Strategies in Legal practices
- Case Studies of AI in Law Firms
- Future of AI in Legal Profession
