1 Oracle Fusion Cloud Financials: Using General Ledger Overview

- Course Objectives 1-2
- Course Approach 1-3
- Course Schedule 1-4
- Lesson Objectives 1-6
- Introduction to Oracle Cloud applications 1-7
- Oracle Cloud Strategy 1-8
- Oracle Cloud applications: Product Families 1-9
- Oracle Financials: Overview 1-10
- Key Features in Oracle Financials 1-11
- General Ledger Functions and Features 1-12
- General Ledger Accounting Cycle 1-13
- The Financial Reporting Center Overview 1-14
- Other Reporting Interfaces Overview 1-16
- Summary 1-17

2 Reviewing Enterprise Structures

- Objectives 2-2
- Define Enterprise Structures 2-3
- Sharing Ledger Components Across Oracle Applications 2-4
- Practice Overview: Reviewing Shared Components 2-5
- Rapid Implementation Workbook 2-6
- Manage Legal Entities 2-7
- Legal Entities Definition 2-8
- Legal Entity and Ledgers 2-9
- Legal Entities and Intercompany Transactions 2-10
- Legal Entity and Its Relationship to Intercompany Transactions 2-11
- Legal Entity and Consolidation Rules 2-12
- Country-Specific Legal Entity Sequences 2-13
- Practice Overview: Searching for a Legal Entity 2-14
- Chart of Accounts Components 2-15
- Practice Overview: Entering Values 2-17
- Assigning Segment Labels 2-18
- Defining Hierarchies: Overview 2-19
- GL Rapid Implementation Additional Features 2-20

Cross-Validation Rules and Segment Value Security Rules	2-21
Cross-Validation Rules: Considerations	2-22
Cross-Validation Rules: Actions	2-23
Cross-Validation Rules: Using Combination Sets	2-25
Manage Account Combination Validation Rules Process	2-26
Cross-Validation Rules: Using FBDI	2-27
Filters Overview	2-28
Filters and Conditions	2-29
Practice Overview: Defining Cross-Validation Rules	2-30
Dynamic Combination Creation Allowed	2-31
Account Combinations	2-32
Enabling Account Combinations	2-33
Practice Overview: Creating an Account Combination	2-34
Account Shorthand Alias	2-35
Practice Overview: Creating an Account Shorthand Alias	2-36
Summary	2-37

3 Exploring Calendars and Ledgers

Objectives	3-2
Manage an Accounting Calendar	3-3
Accounting Calendar Considerations	3-4
Period Frequency	3-5
Adding a Calendar Year	3-6
Calendar Auditing	3-7
Practice Overview: Creating a Calendar	3-8
Ledgers and Accounting Configurations	3-9
Define Ledger Components	3-10
Ledgers and Subledger Accounting	3-11
Practice Overview: Creating a Primary Ledger	3-12
Specify Ledger Options	3-13
Processes Using Ledger Options	3-14
Single Currency Journals	3-15
Practice Overview: Specifying Ledger Options	3-16
Overview of Average Balance Processing	3-17
Examples of Average Balances: Day One	3-18
Examples of Average Balances: Day Two	3-19
Examples of Average Balances: Day Three	3-20
Amount Types for Average Balance Processing	3-21
Set Up Average Balance Processing	3-22
Review and Submit Accounting Configuration	3-23
Manage Reporting Currencies	3-24

Reporting Currencies: Conversion Levels	3-26
Practice Overview: Defining Reporting Currencies	3-27
Practice Overview: Completing the Ledger Configuration	3-28
Define Secondary Ledgers	3-29
Secondary Ledgers: Scenarios	3-30
Secondary Ledgers: Conversion Levels	3-31
Legal Entity-Specific Secondary Ledgers with Controlled Replication from Primary Ledgers	3-32
Opening Balance Initialization for New Reporting Currencies and Secondary Ledgers	3-33
Chart of Accounts Mapping Feature	3-34
Chart of Accounts Mapping: Actions	3-35
Chart of Account Mapping: Using FBDI	3-36
Segment Mapping Rules	3-37
Account Mapping Rules	3-38
Multiple Source Segment Rules	3-39
Balance Cubes: Overview	3-40
Balance Cubes Naming	3-41
Balance Cube Dimensions	3-42
Manage Ledger Sets	3-44
Practice Overview: Creating a Ledger Set	3-45
Data Access Set Security: Overview	3-46
Data Access Set Security	3-47
Data Access Set Security: Example	3-48
Practice Overview: Reviewing Data Access Set Security	3-49
Period Close Introduction	3-50
Practice Overview: Opening the First Accounting Period	3-51
Summary	3-52

4 Creating Journal Entries

Objectives	4-2
Oracle General Ledger Accounting Cycle	4-3
Integrating Journal Entries in the Cloud	4-5
Manage Journal Sources and Categories	4-6
Journal Sources	4-7
Journal Categories	4-8
Practice Overview: Creating a Journal Source and Category	4-9
Performing Journal Entry Functions	4-10
Capturing Journal Transactions	4-11
Journal Components	4-13
Manual Journal Entries	4-15

Posting Journal Batches	4-17
Posting Journals	4-18
Unposted Journal Batch Statuses	4-19
Single and Multicurrency Journals	4-20
Balancing Single Currency Journals	4-21
Balancing Multicurrency Journals	4-22
Data Access Set Impact to Posting	4-23
Manage AutoPost Criteria Sets	4-24
AutoPost Criteria Sets: Parameters	4-25
Practice Overview: Entering and Posting a Manual Journal	4-26
Reversing Journal Entries	4-27
Manually Reversing Journals	4-28
Automatically Reversing Journal Entries	4-29
Manage AutoReverse Criteria Sets	4-30
Reverse Journal Batch	4-31
Single Request Submission for Streamlined Journal Batch Reversal Processing	4-33
Synchronize Journal Reversal Approvals Between Primary and Secondary Ledgers	4-34
Practice Overview: Reversing a Journal Manually	4-35
Manage Accounting Automation	4-36
Additional Considerations for Accounting Automation	4-37
Journal Entries in Spreadsheets	4-38
Display Error Message in Separate Column in Create Journals Spreadsheet	4-40
Integrating with General Ledger: Submit Journals	4-41
Practice Overview: Entering and Posting a Journal in a Spreadsheet	4-43
Configuring Import Submission Options for the Journal Creation Spreadsheet	4-44
Setting Up Default and Hide Submission Options	4-45
Setting the Submission Option Defaults	4-46
Hiding Submission Options	4-47
Importing Journals	4-48
Separate Journals by Accounting Date During Journal Import	4-50
Using Separate Journals by Accounting Date During Journal Import	4-51
Importing Journal References	4-52
Reviewing Journal Import Data	4-54
Journal Import Verification Process	4-55
Correcting Journal Import Errors	4-56
Inquiries: General Accounting Dashboard Overview	4-58
General Accounting Dashboard: Account Monitor	4-59
Defining Account Groups: Header Section	4-60
Defining Account Groups: Accounts Section	4-62

Practice Overview: Using the Account Monitor 4-63
General Accounting Dashboard: Account Inspector 4-64
Summary 4-65

5 Using Foreign Currencies

Objectives 5-2
Overview of Currency 5-3
Integrating with Subledgers 5-4
Currency Concepts 5-5
Currencies: Overview 5-6
Practice Overview: Creating a Currency 5-7
Conversion Rate Types: Overview 5-8
Cross Currency Functionality 5-9
Explain Cross-rate Rules 5-10
Conversion Example 5-12
Practice Overview: Creating Conversion Rate Types 5-13
Daily Rates: Overview 5-14
Practice Overview: Entering Daily Rates 5-15
Practice Overview: Entering and Reviewing a Foreign Currency Journal 5-16
Summary 5-17

6 Managing Intercompany Transactions

Objectives 6-2
Oracle Intercompany Transactions: Overview 6-3
Manage Intercompany Transaction Processing 6-4
Intercompany General Ledger Integration 6-5
Intercompany Receivables and Payables Integration 6-6
Intercompany Transactions Dashboard 6-7
Manual Intercompany Transaction Processing 6-8
Intercompany Transactions Import Error Correction Spreadsheet 6-9
Practice Overview: Creating Intercompany Transactions with Invoice
Generation 6-10
Intercompany Allocation: Overview 6-11
Intercompany Allocation Journals 6-12
Intercompany Allocation Transactions 6-13
Example: Intercompany Allocations 6-14
T – Accounts: Journal 1 6-20
T – Accounts: Journal 2 6-21
T – Accounts: Journal 3 6-22
Intercompany Allocations Example 6-23
Creating Credit Memos for Negative Intercompany Transactions 6-25

Using Intercompany Import for Invoice or Credit Memo	6-27
Importing and Exporting CSV Files	6-28
Points to Consider with Credit Memo for Negative Intercompany Transactions	6-29
Reconciliation Reports	6-30
Intercompany Reconciliation	6-31
Intercompany Reporting and Analysis	6-32
Practice Overview: Running the Reconciliation Report	6-33
Creating Intercompany Transactions Using a Spreadsheet	6-34
Practice Overview: Creating Intercompany Transactions Using a Spreadsheet	6-35
Transaction Account Definition	6-36
Summary	6-37

7 Performing Period Close

Objectives	7-2
Overview	7-3
Close Monitor Overview	7-4
Close Monitor Explained	7-5
Setting Up the Close Monitor	7-6
Navigating in the Close Monitor	7-7
Viewing in the Close Monitor	7-8
Open and Close Periods Life Cycle	7-9
Accounting Period Statuses	7-10
Accounting Periods: Overview	7-11
Period Close with Oracle Financials	7-12
Close Status Section	7-13
Preventing GL Closure When Subledgers Are Open	7-14
Preventing GL Period Closure Setup	7-15
Period Close Best Practices	7-16
Period Close Checklist	7-17
Period Close Components	7-18
Allocation Concepts	7-19
Allocation Components	7-20
Defining Allocation Requirements	7-21
Generation of Allocations	7-22
Cross Ledger Intercompany Allocations	7-23
Step Down Allocation: Example One	7-24
Step Down Allocation: Example Two	7-25
Allocation Rule Concepts	7-26
Allocation Rule Deployment	7-27
Allocations: Best Practices	7-28
Practice Overview: Creating and Generating an Allocation Rule	7-29

Revaluation: Overview	7-30
Translation and Reporting Currencies Overview	7-31
Revaluation and Translation Concepts	7-32
Revaluation and Translation Setup	7-33
Revaluation Process	7-34
Revaluation Example	7-36
Revaluation Tracking by Multiple Segments	7-37
Revaluation Tracking by Multiple Segments Setup	7-38
Revaluation in Reporting Currency Ledger	7-39
Practice Overview: Defining and Running a Revaluation	7-40
Translation Process	7-41
Translation and Remeasurement	7-42
Differences Expanded	7-43
Translation versus Remeasurement Example	7-44
Historical Rates and Amounts	7-45
Historical Rates and Amounts using FBDI	7-46
Practice Overview: Creating a Translation	7-47
Import Journal Entries: Overview	7-48
Journal Import Verification Process	7-50
Journal Import Validates	7-51
Reconciliation	7-52
Reconciliation Concepts	7-54
Clearing Accounts Reconciliation for Journal Lines	7-55
Steps to Enable Clearing Accounts Reconciliation	7-56
Other Considerations	7-57
Performing Clearing Accounts Reconciliation	7-58
Spreadsheet-Based Clearing Accounts for Reconciliation	7-60
Practice Overview: Clearing Accounts Reconciliation	7-61
Payables Tax Reconciliation with General Ledger Report	7-62
Summary	7-63

8 Maintaining General Ledger Options

Objectives	8-2
Manage Suspense Accounts	8-3
Practice Overview: Creating a Suspense Account	8-5
Manage Statistical Units of Measure	8-6
Practice Overview: Creating a Statistical Unit of Measure	8-7
Manage Processing Schedules	8-8
Practice Overview: Creating a Processing Schedule	8-9
Summary	8-10

9 Performing Consolidations

- Objectives 9-2
- Consolidation Methods 9-3
- Reporting Only Consolidation Method: Example 9-4
- Reporting Consolidation with Multiple Levels: Level One 9-6
- Reporting Consolidation with Multiple Levels: Level Two 9-7
- Elimination Entries Example 9-8
- Elimination Entries Example: Transaction 9-9
- Elimination Entries North America Level One Example: Elimination Entry 9-10
- Balance Transfer Consolidation Method 9-11
- Transfer Ledger Balances Process Parameters 9-12
- Practice Overview: Creating a Chart of Accounts Mapping 9-13
- Practice Overview: Submitting the Transfer Ledger Balances Process 9-14
- Reporting Only Versus Balance Transfer: Pros 9-15
- Reporting Only Versus Balance Transfer: Cons 9-16
- Oracle Hyperion Financial Management Integration: Overview 9-17
- Financial Management Integration Option 9-18
- Financial Management Integration Implementation 9-19
- Mapping Segments to Financial Management Dimensions 9-20
- Summary 9-21

10 Loading Budgets

- Objectives 10-2
- Budgeting Preparation 10-3
- Budget Scenario Dimensions 10-4
- Integration with Oracle Hyperion Planning 10-5
- Importing Budget Data from a Flat File 10-6
- Importing Budget Data from a Flat File: Steps 10-7
- Importing Budget Data from a Spreadsheet 10-8
- Importing Budget Data from a Spreadsheet: Import Correction 10-9
- Practice Overview: Uploading a Budget Using a Spreadsheet 10-10
- Summary 10-11

11 Accounting Data Archive and Purge

- Objectives 11-2
- Describe Accounting Data Archive and Purge 11-3
- Accounting Data Archive and Purge 11-4
- Manage Archive and Purge Policies 11-5
- Explain Steps to Manage Legal Requirements for Data Retention 11-6
- Steps in Archive and Purge Accounting Data 11-7
- Enable the Business Object for Archive 11-8

Validate the Accounting Data 11-9

Archive and Purge the Accounting Data 11-10

Summary 11-11
