Introduction

Certified ISO 27701 Lead Auditor

The GSDC's ISO 27701 Lead Auditor certification is designed to empower professionals with the knowledge and skills required to audit Privacy Information Management Systems (PIMS) in accordance with the ISO 27701 standard. This certification underscores an individual's competence in evaluating the efficacy of a PIMS, ensuring that organizations not only achieve but also maintain ISO 27701 compliance through rigorous audits and continuous improvement practices.

Recipients of the ISO 27701 Lead Auditor certification are recognized for their ability to conduct in-depth privacy audits, identify compliance gaps, and recommend actionable improvements to enhance personal data protection. This certification showcases a professional's dedication to upholding privacy standards and their capability to lead audit teams and initiatives effectively.

By obtaining the ISO 27701 Lead Auditor certification from GSDC, professionals demonstrate their commitment to privacy excellence and their capacity to contribute significantly to an organization's privacy management and compliance efforts. This qualification is especially beneficial for those seeking to elevate their careers in privacy and data protection, providing them with the credentials to lead in a privacy-aware business environment.

Certified Learning & Development Professional CLDP
I took the certification course "Certified Learning & Development Professional CLDP" approved by the GSDC - Global Skill Development Council. So grateful to the professional team at the GSDC for this enlightening opportunity; namely, Ruguozeno, for her dedication, responsiveness, and constant support throughout this learning journey. And very special thanks to the amazing trainer and coach Deepak Sharma for the great weekly live sessions which I believe are the highlight of this certification programme. His knowledge, expertise, and outstanding skills have made the course very insightful, engaging, and enjoyable!
