

Certified Internal Auditor® (CIA®) Examination Part 2

Part 2 – Practice of Internal Auditing

5 Days

DURATION

5

MODULES

35

TOPICS

COURSE OVERVIEW

This course covers managing the internal audit activity, including audit operations, establishing a risk-based audit plan, and communicating and reporting to senior management and the board. It then addresses planning the engagement, from setting objectives and scope to determining procedures, staffing, and resource needs. Performing the engagement is examined next, covering information gathering, sampling, analysis and evaluation techniques, and engagement supervision. The course concludes with communicating engagement results, addressing risk acceptance, and monitoring progress on management action plans.

WHO THIS COURSE IS FOR

Internal Auditors

Audit Managers

Chief Audit Executives

Risk Management Professionals

Compliance Officers

LEARNING OBJECTIVES

- Describe policies and procedures for managing internal audit operations
- Identify sources of potential engagements and risk-based audit plans
- Interpret types of assurance and consulting engagements
- Explain the chief audit executive's reporting responsibilities to the board
- Determine engagement objectives, scope, and evaluation criteria
- Apply sampling and statistical analysis techniques during engagements
- Evaluate the relevance, sufficiency, and reliability of evidence sources
- Assess engagement outcomes and monitor management action plans

5 Modules, 35 Topics

DAY 1**01****20%**

Managing the Internal Audit Activity

INTERNAL AUDIT OPERATIONS

- Describe policies and procedures for the planning, organizing, directing, and monitoring of internal audit operations
- Interpret administrative activities (budgeting, resourcing, recruiting, staffing, etc.) of the internal audit activity

ESTABLISHING A RISK-BASED INTERNAL AUDIT PLAN

- Identify sources of potential engagements (audit universe, audit cycle requirements, management requests, regulatory mandates, relevant market and industry trends, emerging issues, etc.)
- Identify a risk management framework to assess risks and prioritize audit engagements based on the results of a risk assessment
- Interpret the types of assurance engagements (risk and control assessments, audits of third parties and contract compliance, security and privacy, performance and quality audits, key performance indicators, operational audits, financial and regulatory compliance audits)
- Interpret the types of consulting engagements (training, system design, system development, due diligence, privacy, benchmarking, internal control assessment, process mapping, etc.) designed to provide advice and insight
- Describe coordination of internal audit efforts with the external auditor, regulatory oversight bodies, and other internal assurance functions, and potential reliance on other assurance providers

COMMUNICATING AND REPORTING TO SENIOR MANAGEMENT AND THE BOARD

- Recognize that the chief audit executive communicates the annual audit plan to senior management and the board and seeks the board's approval
- Identify significant risk exposures and control and governance issues for the chief audit executive to report to the board
- Recognize that the chief audit executive reports on the overall effectiveness of the organization's internal control and risk management processes to senior management and the board
- Recognize internal audit key performance indicators that the chief audit executive communicates to senior management and the board periodically

02

20%

Planning the Engagement

ENGAGEMENT PLANNING

- Determine engagement objectives, evaluation criteria, and the scope of the engagement
- Plan the engagement to assure identification of key risks and controls
- Complete a detailed risk assessment of each audit area, including evaluating and prioritizing risk and control factors
- Determine engagement procedures and prepare the engagement work program
- Determine the level of staff and resources needed for the engagement

03

40%

Performing the Engagement

INFORMATION GATHERING

- Gather and examine relevant information (review previous audit reports and data, conduct walk-throughs and interviews, perform observations, etc.) as part of a preliminary survey of the engagement area
- Develop checklists and risk-and-control questionnaires as part of a preliminary survey of the engagement area
- Apply appropriate sampling (nonstatistical, judgmental, discovery, etc.) and statistical analysis techniques

04

Performing the Engagement (Continued)**ANALYSIS AND EVALUATION**

- Use computerized audit tools and techniques (data mining and extraction, continuous monitoring, automated workpapers, embedded audit modules, etc.)
- Evaluate the relevance, sufficiency, and reliability of potential sources of evidence
- Apply appropriate analytical approaches and process mapping techniques (process identification, workflow analysis, process map generation and analysis, spaghetti maps, RACI diagrams, etc.)
- Determine and apply analytical review techniques (ratio estimation, variance analysis, budget vs. actual, trend analysis, other reasonableness tests, benchmarking, etc.)
- Prepare workpapers and documentation of relevant information to support conclusions and engagement results
- Summarize and develop engagement conclusions, including assessment of risks and controls

ENGAGEMENT SUPERVISION

- Identify key activities in supervising engagements (coordinate work assignments, review workpapers, evaluate auditors' performance, etc.)

05

20%

Communicating Engagement Results and Monitoring Progress**COMMUNICATING ENGAGEMENT RESULTS AND THE ACCEPTANCE OF RISK**

- Arrange preliminary communication with engagement clients
- Demonstrate communication quality (accurate, objective, clear, concise, constructive, complete, and timely) and elements (objectives, scope, conclusions, recommendations, and action plan)
- Prepare interim reporting on the engagement progress
- Formulate recommendations to enhance and protect organizational value
- Describe the audit engagement communication and reporting process, including holding the exit conference, developing the audit report (draft, review, approve, and distribute), and obtaining management's response
- Describe the chief audit executive's responsibility for assessing residual risk
- Describe the process for communicating risk acceptance (when management has accepted a level of risk that may be unacceptable to the organization)

MONITORING PROGRESS

- Assess engagement outcomes, including the management action plan
- Manage monitoring and follow-up of the disposition of audit engagement results communicated to management and the board

WHAT IS INCLUDED

Everything You Need to Succeed

- Koenig course material for every module
- Delivery by certified instructors and subject matter experts
- Hands-on exercises throughout the course
- Course completion certificate from Koenig
