

Adobe Premiere Pro CC

Learn to edit, mix and export video projects in Adobe Premiere Pro CC, from importing media to color grading and titling.

COURSE OVERVIEW

This course covers the Adobe Premiere Pro CC interface, setting up projects, and importing and organising media. It builds editing skills through working with clips and markers, transitions, advanced editing techniques, and motion effects, then extends into multicamera editing, audio editing and mixing, and sound sweetening. Later modules address video effects, color correction and grading, compositing, titles, project management, and exporting frames, clips and sequences.
