WAN200 Optimization Essentials
Course Description

This five-day solution-focused class offers an introduction to the Riverbed® Optimization System (RiOS®) with hands-on installation and configuration experience using the SteelHead™ appliance and deployment integration with the SteelCentral™ Controller for SteelHead™ and SteelHead™ Mobile. This class also provides an introduction to the SteelHead™ Interceptor and SteelFusion™.

This course is specifically designed for Riverbed customers and resellers/partners involved in the design or deployment of the Riverbed SteelHead product family.

Course Topics

SteelHead Appliance
- Intro to RiOS optimization
- In-path deployment
- Out-of-path deployment
- Logical in-path w/ WCCPv2
- Satellite with high-speed TCP
- Intro to SteelHead Interceptor
- Scaling your deployment
- Sizing your deployment
- Deployment troubleshooting

SteelCentral Controller for SteelHead
- Managing your deployment
- SteelCentral Controller for SteelHead policies
- Appliance grouping
- Deploying the SteelCentral Controller for SteelHead

- SteelFusion Edge Enterprise Edition installation
- Mapping LUNs (VSP/Non-VSP)

Course Availability

Classroom Training - 50 Training Credits
Classroom training is available to any Riverbed customer or partner and includes lectures by a Riverbed Certified Solution Instructor and access to the Riverbed University eLab for hands-on experience. Each class is priced per student attendee. We recommend dedicated classroom training for eight or more students.

Online Classroom Training - 50 Training Credits
Online classroom training is taught remotely. Each online classroom training session includes real-time lectures with a Riverbed Certified Solution Instructor and remote access to the Riverbed University eLab. Each class is priced per student attendee with a maximum of 16 students.

Dedicated Classroom Training
Dedicated classroom training is available exclusively for one customer at a customer-designated facility. Each class includes lectures by a Riverbed Solution Instructor and remote access to the Riverbed University eLab. Each class is priced per event and is ideally suited for eight students to 14 students.
