

Koenig Solutions launches new Bangalore Campus

Bangalore, Feb 6 : Leading off-shore IT training provider Koenig Solutions Ltd today made its foray in the Indian market by opening a new IT training and certification campus in the city. This will be Koenig's seventh training centre globally and also the first which is focused totally on the domestic IT sector.

With this facility launch Koenig has created a new milestone in India's silicon-valley. It is truly the first world class level facility for globally acknowledged IT courses and certifications in India, a top company official said. Speaking to reporters Rohit Aggarwal, CEO and Founder, Koenig Solutions Ltd, said the centre comes up following demands by company's its global corporate customers to open up a larger Koenig facility in the city. "We also take the opportunity to reveal our 'Step Forward' vision for the next 10 years of Koenig, complete with a totally new logo and new brand identity. Koenig's success has been a result of great team work and I express my deepest gratitude towards the winning team at Koenig for our continued success," he said.

The likes of EMC, Infosys, TCS, COLT, Cognizant, IBM, NTT data, Schneider Electric, Century link, Thomson Reuters, Accenture, Sonata Software and Intuit have already committed to send their employees for training at the centre.

It aims to train and certify up to 3000 IT professionals in high-end courses related to Cloud, Data Analytics, Networking, Information Security technologies among others, Mr Aggarwal said.

Koenig has already trained 25,000 people worldwide. The new campus apart from being a completely green building will also house as many as 24 training rooms. More than 100 of the world's most sought after IT courses from an employability point of view can be availed at the Koenig Bangalore centre.

Speaking about the India Talent Scholarship program Xavier Lofficial, Chief Executive Officer of SG GSC said that he was glad that they have been able to make a small but meaningful difference to the future aspirations of deserving students through the program. The fact that all students supported by SG GSC had built successful careers in leading organizations across the globe reflected the success of this program.

He added when Sundararajan Raghavendran, a student who received the scholarship in 2011, secured the first place at the graduation of the 2013 batch of IIM- Bangalore, his belief that the program was successful, was proven beyond doubt. In 2013, the program received around 158 applications from the selected institutes. Over and above the financial need of the students, the selection process also focused on the academic track record, ambition, positive approach towards life and leadership qualities, a company release said.
