

Koenig Solutions receives authorization as Education Reseller for training programs in Middle East

VMWare and Salesforce authorization to help company offer quality education and best of infrastructure

Dubai, 22 March 2016: Leading IT training institute Koenig Solutions is now an authorized provider of training for programs on cloud computing softwares VMWare and Salesforce in the Middle East, expanding its already wide range of IT training and certification programs that it offers to equip its corporate clients and students with high-end technical skills.

Koenig Solutions which runs its Middle East training centre in Dubai has obtained authorization as Education Reseller for training programs on VMWare and Salesforce. The authorization would help Koenig offer an unmatched expertise in virtualization powered by VMware Certifications, helping to gain crucial skills in managing data centers and virtual environments. While, Koenig Solutions was already offering a range of courses as per the demand of IT training in Middle East, the authorization would help to widen horizons and cater better to expectations of new and existing customers in terms of quality and latest courses.

“We have been offering a wide range of courses in Dubai. Our Dubai centre provides an easy access to training on different technologies to professionals from all the nearby Middle East. The authorization has helped us to add to another feather to the cap. While we were already offering customized state-of-art technical IT training, the authorization has helped us to add expertise as far as cloud computing and virtualization services are concerned. Would also help us consolidate our reputation as a leading provider of high quality IT education in the region and will further boost enrolment of students from across the Middle East region,” **said Subodh Chaudhary, General Manager, Koenig Solutions.**

Koenig has also partnered with various corporate houses for training in its Dubai centre. With the view to tapping the growing demand for IT services in the region, Koenig Solutions expanded its Dubai centre early last year. The company opened a new training institute in Knowledge Village in the emirate to help address the growing demand for more IT trainings.

The new facility, which is being positioned as the learning pit-stop for more than 1,000 students-
-with 85 per cent coming from the Gulf region, the African continent, Europe and the United States, offers a diverse portfolio of courses that includes Cyber Security programs like CEH, Microsoft Dynamics, SharePoint, Cisco Security, Project Management, Effective Leadership, among others. The training centre in Knowledge Village demonstrates the company's continuing efforts to increase awareness on the significance of improving one's IT skills. To date, Koenig's clients in the in the Middle East and Africa region includes Abu Dhabi Investment Authority, Nakheel, PWC, Abu Dhabi Islamic Bank, RAK Bank, United Arab Bank Government of UAE - Department of Information, Communication, and Technology, ADNOC, DEWA, Du Telecom, the Prime Minister's Office – UAE, Saudi Aramco, Saudi Chevron, Etisalat Nigeria, Angola LNG and TRA Tanzania.
